GPA of at least 2.75 is required in 4 areas: Overall, Core Courses within Elementary Education P-5, Supporting Courses within Elementary Education P-5, and Core Courses in Professional Education. (Bucknam 2-8-18)

⊕: Admission to professional education is required by this point in your program

+: MAT 112 is not required for majors who have 23 or above on the MATH portion of the ACT

∇: Course requires embedded clinical hours but is not hubbed with a CED course.

Note: Candidates do have several choices within General Education (GE). However, taking the prescribed courses where indicated will prevent candidates from having to take additional content required courses later.

LBD can't count SED 104 as GE 6; need additional course---this is already accounted for in the plan.
